Precinct Chairman To Marshal Forces

Voted—That the chairman of all Republican Precinct clubs be requested to publish notices in the papers calling upon members of their clubs to assemble at the Drill Shed at 6:30 Saturday evening next to take part in the procession previous to the ratification meeting.

Voted—That members of the various precinct clubs be urged to prepare special transparencies of other features for the parade, so far as practicable.

This was the conclusion reached at the meeting of precinct chairmen with the Reception Committee held last evening in the Chamber of Commerce. After a general discussion of the situation it was deemed not advisable to call upon the precincts to organize separately for parade there being so many members in the regular marching clubs. The precinct chairmen, however, were urged to assemble as large a force as possible to march in the business men's section.

The program to be carried out Saturday night will be the same as that planned for last Thursday. The Reception Committee undaunted by its previous experience will go out to meet the Australia tomorrow morning. The parade and rally for Saturday night promises to be a rousing affair. The Young Men's Republican Club turn out a big force and the Drill Corps will probably have a hundred or more men in line.

Brothers and Sisters Meet.

The sister members of Pacific Rebekah and Olive Branch lodges visited Harmony Lodge, I. O. O. F., at their hall on King street last evening. The ladies were marshaled in the ante room and marched into the assembly room, led by Brother J. D. McVeigh. The Noble Grand of Harmony Lodge made a short address of welcome after which the doors were thrown open for the festivities of the evening. After a program of exercises by Rebekah Lodge, the Quintet Club began to play and dancing commenced. After a little refreshments were served.

Seed Cane for Pepeekeo.

The Mauna Loa brought 400 bags of seed cane from Pahala today. This was discharged and taken aboard the Kinau for shipment to Pepeekeo, from whence the order came.

Great sale of boots and shoes at 5 cents on the dollar at L. B. Kerr & Co.'s shoe house, corner of Fort and Hotel streets.

WILL DISCUSS THE MISSION IN CHINA

Meeting at St. Andrew's
Cathedral Thursday
Evening.

FACTS REGARDING BOXERS SOCIETY

Its Original Aim Was Overthrow of
Manchu Dynasty But Action of
Europe Made It Wheel
Around.

Rev. V. H. Kiteat desires the Bulletin to announce that a meeting will be held in St. Andrew's Cathedral school-room at 8 o'clock on Thursday evening to discuss the subject, "Missionary Work of the Anglican Church in China." Addresses will be delivered by the Cathedral clergy and Chinese churchmen of the Anglican mission.

Chinese leaders of the Anglican communion expect important information from China by tomorrow's mail.

Bishop Willis has been gleaming some interesting facts regarding the Chinese embroglio from Chinese churchmen. They say that the Boxers have been organizing for several years. Their principal aim had been the overthrow of the Manchu dynasty. The menacing action of the European powers has, however, suddenly thrown them into the support of the chnoxious ruling family. Thoroughbred Chinese regard the Tartars as enemies of their race and country.

Yet, as the Chinese reformer lately visiting Hawaii said, the ninety per cent of expatriated Chinese and the 60 per cent of Chinese at home, whom he claimed were in favor of the reform movement, would unite with the dynamic supporters like a flash the moment the European powers proposed partition of the Empire.

Sentiments of great interest may be expected to be heard at the missionary meeting on Thursday evening.

A "Faked" Interview.

When Martin J. Egan, the war correspondent was here on his way through to China, there appeared in one of the morning papers, a purported interview with him on the subject of the present crisis in China. Just before the Rio sailed on her way to the Orient Mr. Egan said to a Bulletin reporter: "Say, did you see that interview with me in one of the morning papers. Well, I don't see where that interview came from unless I was heard saying queer things in my sleep. I never saw a man from the paper in question. The whole interview was 'faked' in the office."

Japanese With Cut Hand.

The Japanese cook of the Meteor went aboard ship Sunday night with a badly cut hand. He spread the story that, while walking through a lumber yard on his way to the ship, he fell and cut his hand on some lumber. However, the cut was undoubtedly made by a knife as it is perfectly clean and is down to the bone. It is believed by his shipmates that the Japanese got into some altercation up street in which a knife was employed. The wound was dressed by one of the doctors of the Marine Hospital Service.

Kanematsu Was Fined.

In the Police Court this forenoon Kanematsu, collector of rents at the Iwilei corral, was fined \$10 and costs on the charge of assault and battery on Lena Boreal, one of the women of the place. Defendant pleaded not guilty the other day but, this morning, he was of a different mind. In addition to the fine, Kanematsu received a lecture that he will probably remember when again he is tempted to assault a woman.

To Load Sugar.

The American barkentine George C. Perkins, Maas master, sailed in ballast for Mahukona this morning. At that place she will take on a full load of sugar for San Francisco.

TO BE ALOHA TEMPLE

MYSTIC CEREMONY IN
CRATER OF KILAUEA

Most Distinguished Masonic Visitation—Dr. G. B. Wood as Illustrious Potentate
—Members.

Honolulu Masons of the Ancient Order of the Mystic Shrine, together with those eligible, are eager to hear from the proposed pilgrimage to establish a temple in these Islands. They expect definite information tomorrow. The matter has been rather curiously complicated.

Those promoting the movement were communicating with the Imperial Potentate who lives in Michigan. This supreme officer cordially approved the local choice of "Aloha" as the name of the temple, and the nomination of Dr. C. B. Wood as Illustrious Potentate. He, moreover, with the approval of the Imperial Council, signified his intention of coming with the pilgrimage in person.

This announcement of the Imperial Potentate is of the greatest significance. He has the power of inviting all temples to join in the pilgrimage. Such an invitation would give the event a National prestige. It would indeed make the advent of the pilgrims one of the greatest times ever known in the Hawaiian Islands.

In the meantime Mr. Comstock, fully qualified to represent local Shriner, went to San Francisco. Not knowing how far the correspondence with headquarters had gone he laid the matter before Islam temple in San Francisco, to which Dr. Wood and himself belong. As the nearest, this temple has jurisdiction in organizing a temple here.

It has been already reported that Islam temple chartered the steamer Zealandia to come in October with the pilgrimage. The steamer would go direct to Hilo, the conferring of it agrees to take place in the crater of Kilauea volcano.

There is therefore a double propulsion to the pilgrimage—National and Californian. It is a disagreeable possibility that the Zealandia may be chartered as a China war transport. Even so a substitute might be found.

There are about 100 Masons in the Islands eligible to join Aloha temple. Knights Templar or Thirty-third degree members are eligible.

Lecture by Prof. Nichol.

A private lecture on "The Mammoth Cave of Kentucky" was given by Prof. Nichol at the home of Mr. and Mrs. J. Marques in Punahou last evening. After the lecture there was a number of vocal and instrumental selections which were very much enjoyed by the guests. Among those present were: Mr. and Mrs. M. A. Goncalves, Rev. and Mrs. E. G. Silva, Mr. and Mrs. J. Mellin, Mrs. Joseph Fernandez, Miss Marie Madeira, Mrs. M. A. Silva and Mr. M. Capello.

Roosevelt Stands for the Nation's Honor

Theodore Roosevelt when notified of his nomination as candidate for Vice President, made reply as follows:

Mr. Chairman: I accept the honor conferred upon me with the keenest and deepest appreciation of what it means, and, above all, of the responsibility that goes with it. Everything that is in my power to do will be done to secure the re-election of President McKinley, to whom it has been given in this crisis of the national history to stand for and embody the principles which lie closest to the heart of every American worthy of the name.

This is very much more than a mere party contest. We stand at the parting of the ways, and the people have now to decide whether they shall go forward along the path of prosperity at home and high honor abroad, or whether they will turn their backs upon what has been done during the past three years; whether they will plunge this country into an abyss of misery and disaster or, what is worse than even misery and disaster, shame.

I feel that we have a right to appeal, not merely to Republicans, but to all good citizens, no matter what may have been their party affiliations in the past, and to ask them on the strength of the record that President McKinley has made during the past three years and on the strength of the threat implied in what was done in Kansas City a few days ago, to stand shoulder to

GRUESOME DISCOVERY

BODY OF MILLER
FOUND AT MOKULEIA

Was a Water Prospector for
the Waialua Plantation
—Mystery As to
Death.

Police headquarters were notified yesterday afternoon by telephone of the discovery of the body one W. E. Miller in the hills of Mokuleia near Gay's ranch. The message came from Deputy Sheriff Andrew Cox of Waialua.

Someone from Gay's ranch was the first to discover the body, which was found in a tent on the hillside where the deceased had his headquarters while attending to his work of prospecting for water for the Waialua plantation.

Cox was notified and he, summoning a coroner's jury, went with them to the place. Entering the tent they found the decomposing body of the water prospector. The skull was all but gone and a closer examination showed that some explosive had sent Miller to his death. Holes in the tent inclined some toward the belief that the deceased had been the victim of foul play and that a shotgun had been used to accomplish the end.

However, the more likely view seems to be that the deceased came to his death by means of the accidental discharge of some giant powder which the prospector always used in his work. The theory that robbery was the incentive seems to be exploded by the fact of money having been found in the man's pockets.

Having finished an examination of the body, it was buried, as decomposition was found to be in an advanced stage, and any further keeping of the remains above ground would be of no advantage anyway. Just when Miller met his awful death is not known, but it is certain that several days had elapsed before the finding of the body.

Deceased was about fifty years of age. Nothing much is known of his history. Deputy High Sheriff Chillingworth, Deputy Sheriff Cox and others left Waialua for the scene of the tragedy early this afternoon.

2 p. m.—A telephone message from Waialua gives the information that Deputy High Sheriff Chillingworth and party are not expected back there until about 4 o'clock. The tent where Miller met his death is seven or eight miles away from Waialua plantation.

DR DAY TO LEAVE.

Dr. Day has sold out his practice to Dr. R. L. Moore and, as soon as possible, he and Mrs. Day will leave for a two years' trip to Germany. Dr. Day has disposed of a large portion of his interests but will retain some against future visits to Honolulu. Mrs. Day came back in a recent steamer to pack up preparatory to the taking of the proposed trip.

Proposal.

H. P. BALDWIN GIVES PROPERTY GOOD NAME

If Times Improve Meantime Reorganization May Be Effected
Before End of Year's
Suspension.

W. H. Hoogs presided at the called meeting of the stockholders of the Nahiku Sugar Co. this forenoon, in the absence of J. B. Castle, president. H. Armitage, secretary, found 12,000 shares represented out of 19,000.

J. P. Cook, treasurer, explained the subject matter of the recent circular of the directors. This referred to the proposed suspension of active operations for one year, as reported by the Bulletin before the issuance of the circular. There was a proposal to issue paid-up stock to those who should pay the fifth assessment if they chose that settlement. The circular anticipated the ability to reorganize within a year. The sum of \$140,000 which had been spent already by Mr. Hocking had been judiciously and carefully applied.

Mr. Cooke added the statement that an agreement had been made between the directors and the promoters. The promoters would deliver up their paid-up stock to the company, to be applied to paying certain owners for their land. The price at which this stock is surrendered is \$10,000, its par value being \$67,500.

E. C. Macfarlane concurred in what the directors had done. It was the only feasible course. If times got better the company would not be prevented from selling some of the stock and resuming operations in full blast before the expiration of the year's proposed suspension.

It was moved by W. C. Aehl, seconded by I. R. Burns and carried, that the recommendation of the directors, as by circular, be approved with the condition that reorganization take place at the first favorable opportunity.

Time for paying the fourth assessment was extended to October 1, with interest due from June 2.

Chas. Crozier asked what the plantation was now worth. Mr. Cooke replied about \$250,000, with cane, houses and all. There were 550 acres of fine growing cane.

Mr. Hoogs suggested that Mr. Hocking look into the firewood business. Enough of the commodity could be cut to pay running expenses during suspension, these being from \$1000 to \$1200 a month.

Mr. Cooke said that if 50 per cent of the original stockholders paid their assessments, Alexander & Baldwin the agents would agree to carry the plantation right through.

H. P. Baldwin was reported as saying that there is no finer proposition than Nahiku. It had abundance of fuel, very rich land and more water than they knew what to do with. The rainfall was heavier there than in any other part of Maui.

Mr. Armitage says that the fourth assessment is being paid up well.

TAKE SICK MARINERS

Dr. Carmichael, resident surgeon of the Marine Hospital Service, has made a contract with the directors of the Hospital for Incurables, whereby this institution will receive all consumptive sailors as pay patients. This will be a help to the revenues of the hospital. Some time ago Dr. Carmichael made a similar arrangement with the Queen's hospital in behalf of seamen afflicted with maladies not contagious while the Hospital for Incurables did not "have plenty money," as a question to him put it, yet it had means to maintain it fairly well for a month or so. There have been no more large donations reported, since Alex. Young left, for the permanent funds.

Kamalo Seed Cane.

One hundred and thirteen tons of seed cane were shipped to Puna from Kamalo July 26. This was taken from 17-10 acres and was measured by P. McLane, the manager, E. Mueller, head overseer of Hana, and Captain Bennett. These figures show about 600 tons to the acre which means 8-10 tons of sugar to the acre for cane only ten months old.

The first bricks were laid this afternoon on the foundation of the new Post Office building.

Death From Swipes And Fall From Horse

Waialuku, July 30.—Sheriff L. M. Baldwin as coroner for the Second Judicial Circuit held an inquest at the sheriff's office today as to when and how Kemi, the native who was found dead at the cross roads between Waialue and Waiehu on Sunday morning, July 22, came to his death.

The following petty jurors viewed the body last Saturday when it was exhumed under the direction of Sheriff Baldwin for a more exhaustive post mortem examination by Dr. Weddick, the government physician: Jurors J. K. Kohokele, Moses Kauhaimahu, W. K. Bailey, Sam E. Kaine, S. Kahale and Jos. Kawelo. Dr. Weddick cut open the cerebellum and also the breast in order to examine the heart of deceased. Today before the coroner the doctor gave the cause of death to have been fatty degeneration of the heart accelerated by the abuse of intoxicants.

Several Portuguese were summoned as witnesses and they stated that they saw the body lying on the road at about 2 a. m. that Sunday morning and that they did not care to disturb him thinking that he was only lying there dead drunk, and therefore did not consider it any of their business to investigate whether he was dead or alive. Kupanaiacho, arrested by Sheriff Baldwin last Saturday as chief witness on suspicion of foul play, gave his version of the carousal at his house at Waiehu where deceased lingered to imbibe more swipes.

The jury rendered their verdict late this afternoon, and found that deceased came to his death on or about the 2d inst., at Waiehu, Maui, by accidentally falling off from his horse while in a state of intoxication.

GOVERNOR GOING TO KONA.

Governor Dole will be unable to be present at the Republican rally Saturday night as he has planned to take a short vacation trip to Kona, leaving by the Mauna Loa Friday. Mr. Dole expressed his deep regret to the committee, but did not feel that he could change his plans as he has been contemplating the trip for some time past and had arranged his official affairs with this in view. Should anything unexpected arise to cause the Governor to delay his departure he will speak at the rally.

Did Not Show Up.

W. W. Ahana, the Chinese tailor, should have appeared in the Police Court this forenoon on the charge of violating one of the regulations of the Board of Health but, when his name was called, neither he nor his attorney were present. Bail in the sum of \$100 was declared forfeited.

About an hour later, Attorney Magoon arrived and stated that he represented Mr. Ahana. He would ask that bail be reopened. Judge Wilcox answered that this would be done when the defendant should appear in the Police Court and show good cause why he was not present when the case was called.
